

Infinity II & Infinity II RFID in-room safes

The unmatched in-room safe

Infinity II series, a new era in hotel in-room safes. Infinity II is ideal for the most demanding hotels, lifestyle brands and boutique properties that thrive to be different. By combining sophisticated technology and fashionable design, Infinity II is the ultimate safe for the design conscious hotelier.

With the silky, stylized design and high tech neon blue backlit keypad (digital only), combined with Elsafe's industry leading high quality safe platform, Infinity II brings richness to the hotel room like no other safe before.

NEW

- Override: SafeLink & PinKey PLUS
- Steel thickness: Door: 4 mm / Frame-Backwall: 2,5 mm / Body: 2 mm
- Fastening method: Backwall: 2 bolts / Bottom: 4 holes

SafeLink:

Elsafe Safelink helps you set up and service your Infinity II safe in seconds. With Infinity II by Elsafe you can even print a detailed 100-event log from the safe memory.

PinKey PLUS:

Elsafe PinKey Plus is a compact and powerful electronic PIN-code protected, non-resident electronic key to securely override Elsafe in-room safes. This allows for easy day-to-day safe operations.

Infinity II - RF Online compatible:

Infinity II in-room safes are upgradeable with optional wireless RF-online communication (RF-online upgrade requires VISIONLINE by VingCard Zigbee RF-online network to be installed).

Outlets:

Optional internal power outlet mounted on the door for the guest's ease of use (EURO, US and UK).

The unmatched in-room safe.
